**WEDNESDAY MAY 19<sup>TH</sup>, 2010 – UDINE, Stadio Friuli**

THE MOST-AWAITED EVENT FOR SUMMER 2010 HAS BEEN CONFIRMED  
**AC/DC** IN ITALY FOR ONLY ONE CONCERT AT THE **STADIO FRIULI** IN **UDINE**  
PRE-SALE STARTS ON DECEMBER 17<sup>TH</sup>

They said it last March after the two legendary concerts held in front of 23.000 fans at the Forum di Assago (Milan): "We will be back in Summer 2010!". And they fulfilled their promise: **AC/DC** announce that the "**Black Ice World Tour**" will be in Italy on **Wednesday May 19<sup>th</sup> 2010**, at the **Stadio Friuli** in **Udine**, for one show only, again organized by **Barley Arts**, in collaboration with **Azalea Promotion**, the **Regional Department of Economics of the Region Friuli Venezia Giulia – Guests of Special People**, the **City Town Council of Udine**, **No Borders Music Festival** and **TurismoFVG**.

The **pre-sale** for the tickets to the event that will certainly be the Summer 2010 most-awaited concert will start on **Thursday December 17<sup>th</sup> at 6.00pm** on the internet through the online circuit [www.ticketone.it](http://www.ticketone.it). From **Friday morning** the pre-sale will start in all **TicketOne** selling points in Italy and in all **authorized selling points for Azalea Promotion, Biglietto.it and Box Office** (all the details are already available on the website [www.azalea.it](http://www.azalea.it)). One person can purchase a maximum of 6 tickets.

**Angus Young, Malcom Young, Brian Johnson, Cliff Williams and Phil Rudd** are resuming their "**Black Ice Tour**" on **January 28<sup>th</sup>** at the **Westpack Stadium** in **Wellington, New Zealand**. For the present the band, a true worldwide icon of hard rock music, has already confirmed 17 concerts in **Australia, New Zealand and Japan**.

The concert of **May 19<sup>th</sup> in Udine** will probably be the opening one for the European tour, which counts already 5 confirmed concerts in **Austria and Germany**.

The tour, which has already scored an amazing number of sold-outs (including the 2 concert at **Milan's Forum di Assago** in **March 2009**), has established the glorious return for **AC/DC** on the musical scene after 8 years of absence. The album which anticipated it, "**Black Ice**", has sold over 4 million copied worldwide. And it was released a few weeks ago "**Backtracks**" (**Sony Music**) was published, a box set of live and studio rarities of one of the greatest rock bands in the world.
